# DuitNow Pay

Unified platform

DuitNow Pay is a platform that brings PayNet's payment products together into an enterprise suite for e-Commerce payment acceptance. Our vision is to accelerate the growth of online businesses in Malaysia by offering a simple, unified platform that easily enables our products such as DuitNow Online Banking/Wallets, DuitNow AutoDebit, DuitNow QR and MyDebit.

✅ DuitNow Online Banking / E-wallets

DuitNow Online Banking/Wallets is a real time online payment service that enables Payers (both individual and corporate) to transact securely using their internet and mobile banking, or e-Money application with Merchants.

✅ DuitNow AutoDebit

DuitNow AutoDebit is a convenient and efficient collection method for businesses that enables automated fund collection by the Merchants either by ad-hoc or recurring method directly from Payers with a pre-established Consent in place.

✅ DuitNow QR Coming Soon

Malaysia's National QR Code that enables quick, seamless and secure payments by scanning QR codes. Users can make payments at participating merchants by simply scanning the displayed DuitNow QR code.

✅ MyDebit Coming Soon

Enables swift online transactions via MyDebit card.
